PRESIDENT'S MESSAGE

O'Joy started out as a Gerontological Counselling outfit since 2004. In the earlier days counselling is often not understood by most older adults as an important form of treatment. Many older persons prefer to seek medical treatment for age related illnesses but may neglect their mental well-being. Hence O'Joy was established back then to fill this gap.

In the recent years, we see an increasing trend of younger persons seeking help for mental health challenges. O'Joy deeply believes counselling is important not just for the elderly, but people of any age group who could be in transitional life stages and facing issues of depression, anxiety, loneliness and isolation. Our well-trained counsellors provide professional counselling to assist them in managing these issues and taking care of their overall mental well-being, thus restoring their self-confidence and independence.

In this financial year, we have broadened the clientele's age range for our CREST programme, from 18 years and above instead of from 50 years and above. In the last quarter of the financial year, O'Joy started operating the second CREST programme, enabling O'Joy to reach out to serve more clients. This development is timely, as life in Singapore slowly returned to normalcy after the pandemic. This return allowed O'Joy to hold its inaugural onsite fundraising concert on 29 October 2022 at the Stamford Arts Centre. The active agers from our Health-Oriented Ageing program got to showcase their talents on stage before a public audience. We are also able to initiate the Bring O'joy Home Responders program to equip senior volunteers to help other home-bound seniors navigate the use of technology.

I would like to express my deep appreciation to fellow committee members for their dedication and wise counsel, which helped O' Joy to navigate the many challenges we faced since we began on this journey. In addition, I am also grateful to our O' Joy team for their ceaseless efforts in providing for our care recipients as O'Joy executes the next stage of transformation. Last but not least, I would like to thank all volunteers and donors for their selfless efforts and generosity. Your willingness to give your time and service is greatly appreciated. Your support allows us to continue to fulfil our mission and serve our community. We look forward to all your continuous involvement with O'Joy in the years ahead!

GERONTOLOGICAL COUNSELLING

Counselling for the Older Persons is the cornerstone of O'Joy Limited. We offer individual, family and group counselling services in English, Mandarin and local dialects. O'Joy serves anyone aged 50 and above, or any individual who has issues related to an older person.

Beyond centre visits, we also make home visits and provide our services at daycare centres, senior activity centres and nursing homes.

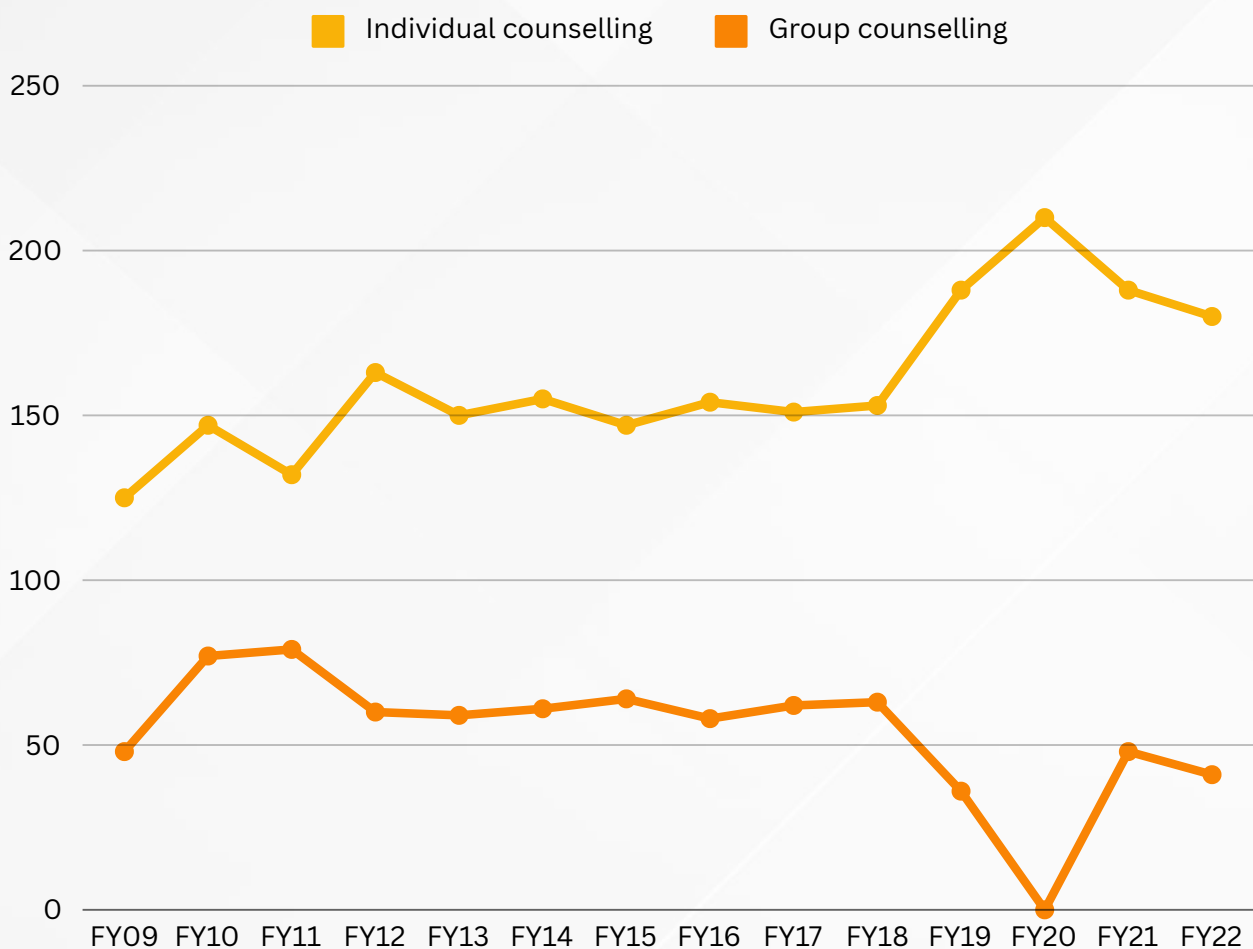

Counselling is given to an individual who may be:

- experiencing stress;
- feeling anxious, overwhelmed,
- feels hopeless or depressed;
- worrying about relationships or children;
- unable to sleep properly;
- not coping well with change or uncertainty;
- experiencing bereavement;
- unable to adjust to changes in health; and
- worrying about end-of-life concerns.

GERONTOLOGICAL COUNSELLING STATISTICS

NUMBER OF GERONTOLOGICAL COUNSELLING CASES

O'Joy Limited continues to provide first-rate gerontological counselling for our clients in FY2022 while holding a sizable number of clients served (221 clients) - 180 and 41 clients have been attended to, for the individual and group counselling programmes respectively.

GERONTOLOGICAL COUNSELLING OUTCOMES

Counselling Outcomes	FY22	FY21
Individual Counselling		
Outcome 1	86%	84%
Outcome 2	83%	83%
Group Counselling		
Outcome 1	95%	94%
Outcome 2	95%	90%

With individual counselling, we hope to improve both functional capabilities and/or psychological functioning of our clients upon case closure. We aim to help our clients improve their physical functioning for daily activities and management of physical functioning; their living environment, and/or their financial condition through assistance applied by the programme (Outcome 1). We also help them better manage their emotional and/or psychological distress such as low moods, anxiety/depression and caregiver stress, and/or better cope with their difficult situations (Outcome 2)

With group counselling, we hope to improve the psychological well-being and social connectedness of our clients. We aim to help them express confidence/positivity in coping with issues at their life stage (Outcome 1) and to have made at least a new friend in the group, and/or get to know the group members better through the sessions (Outcome 2).

PREVENTION AND INTERVENTION OF ELDERLY ABUSE AND NEGLECT

The Prevention and Intervention of Elderly Abuse and Neglect (PEAN) take a multiple disciplinary team approach to support vulnerable elderly (age 62 and above) in the community. Support provided is typically longer-term, i.e. 20 sessions and more, including home-based clinical case management and counselling.

Since this programme started on 1st Apr 2017 till 31st Mar 2023, a total of 37 seniors were served. Going forward support of vulnerable seniors will be provided by CREST programme.

ALLIED HEALTH SERVICES

Allied Health Professional Services (AHP Services) provides timely holistic assessments and intervention for senior clients living in central and eastern Singapore. Our early intervention prevents deterioration of client's health issues and reduce unnecessary suffering.

This three years programme, i.e., between 1st April 2020 to 31st March 2023, encountered significant difficulties due to COVID-19. Using Community Silver Trust (CST) funding, a total of 214 assessments were conducted, i.e., in early FY 2020/21 and late FY 2022/23. These assessments in done in either individual or group sessions.

ACTIVE AGEING FOR SENIORS

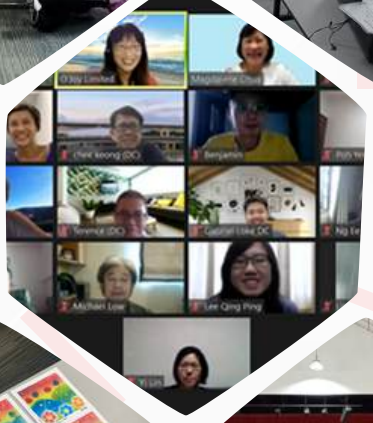

BRING O'JOY HOME (BOH)

HEALTH-ORIENTED AGEING (HOA)

Health-Oriented Ageing & Bringing O'Joy Home

HEALTH-ORIENTED AGEING (HOA)

Launched in July 2013, the Health-Oriented Ageing (HOA) programme reaches out to residents aged 50 and above, within the Upper Boon Keng area. Modelled after the Self-Mandala framework of the late Virginia Satir, this programme has been the axis of physical and psychosocial fitness for many of the older persons residing here.

Group physical exercises—Healthy Exercises and Lala Workout are conducted in the morning and are free of charge. Arts-related activities continue after a short break in the late morning for paid members (\$10 per month). These activities are selected based on the Self-Mandala framework, which includes Singing, Movement and Dance, Taiji, Ang Klung and Art.

Besides, we have other activities that is catered for healthy ageing. Mass events such as excursions are frequently planned ranging from performances to workshops.

In FY2022, HOA activities were resumed on a regular weekly basis while observing safety measures. 372 sessions were conducted in this financial year.

iHOA (Integrated HOA) is O'Joy's initiative to integrate technology into our care continuum, thus enabling older residents living in Upper Boon Keng (UBK) area to age with dignity, grace and joy, despite being home bound due to disabilities or physical health conditions.

Angklung	15	499

BRING O'JOY HOME

The digital programme “Bring O’Joy Home (BOH)” commenced in August 2021 out of need as on-site elderly activities were paused during the pandemic. The programme steadily grew from a single exercise activity on one afternoon per week, to four activities on four afternoons per week.

Now that the pandemic is behind us, BOH continues to provide active ageing activities to senior who are home-bound due to disability or illness. The objective is to prevent social isolation for such seniors.

BOH Responders

We have initiated the BOH Responders program to equip responders to help seniors navigate the use of technology in relation to this programme.

Digital Learning Workshop

The on-site digital learning workshop on Saturday is organised in collaboration with Heartware Network and IMDA to provide one-to-one digital tuition for seniors for one hour every week.

This primary objective of the workshop is to teach the seniors to use zoom so that they can participate in our digital program. Other than zoom, seniors can choose what they wish to learn, at their own pace and repeat the same lesson as many times as they wish. The seniors are also educated on the awareness and precautions against scams when they attend the workshop.

PARA-COUNSELLORS

Para-counsellors (PCs) are a group of trained volunteers complementing our staff in the Counselling for Older Persons programme. Our devoted and caring volunteers reach out to lonely and underprivileged elderly, closely supervised by our professional counsellors. Our PCs are continually trained through in-house workshops, talks, and support groups.

The number of active PCs has increased in the past year, with the number at 61 PCs this year.

With the restrictions due to the COVID-19 pandemic behind us, PCs were able to begin carrying out home visits and accompanying clients for medical checkups. Our PCs monitor their clients via a combination of phone calls and home visits.

A total of 386 phone/client visits were conducted over the financial year, averaging 6.5 phone/visits per client. 15 cases were new cases, and 7 cases were closed within the financial year.

HOA FACILITATORS

We have a band of 27 dedicated HOA facilitators (acknowledged in Annex 1) whom embodies the spirit of health-oriented ageing, and are indispensable for the programme's self-sufficiency and efficacy. These facilitators are the pillars for the HOA program. Working closely with our Programme Executive, they are dedicated towards creating an inclusive environment for seniors living in the community.

Apart from daily commitments of guiding participants, leading activities, handling logistics and making assessments of their wellbeing, facilitators are also committed to staff-led monthly facilitator meetings. During which they reflect, discuss, and evaluate the finer points of maintaining and promoting a welcoming and warm HOA community.

Our facilitators' valuable contributions have undoubtedly assisted in the structural evolution of HOA, and their commitment to the HOA community is admirable and heart-warming.

Our team of compassionate, unselfish, caring, patient, and loving facilitators is what distinguishes our HOA program from other programs.

With their kind actions, our facilitators have demonstrated the kind of community they want to build. Therefore, we will continue to provide a platform and support for the facilitators to build their ideal community.

O'JOY SENIORS' CONCERT

O'Joy held its inaugural fundraising concert on 29 October 2022 at the Stamford Arts Centre. The active agers from our Health-Oriented Ageing program got to showcase their talents on stage before a public audience.

For many of our seniors, it was the first time in their lives participating in a stage performance. They put up a wonderful show and we are very proud of them.

We are glad to have the support from Urban Music Productions, The Acapella Society (TAS) and TAS Silver Stars (Teck Ghee). Very importantly, a big thank you to our committed professional artists - Angelina Choo, Lee Yong Wei, Teacher Ge and Tania Sng for the numerous practice sessions and journeying with our seniors.

We managed to raise \$91,500 for this concert.

Elderly Outing to River Wonders

Thanks to Abbott Singapore for the memorable day

FUNDRAISING

FY22 was a difficult year for fundraising.

Overall fundraising showed a 20% increase, thanks to the support of a few major donors. While offline donations increased by 53%, online donations decreased by 47%, resulting in an offline:online ratio of 86%:14%.

Our fundraising efforts had been mostly conservative, with the mass mailing of 4 batches of appeal letters and 6 online campaigns launched on Giving.SG. In October 2022, O'Joy held our inaugural fundraising concert featuring our seniors. The event raised \$91,150.

THE YEAR AHEAD

**EXECUTIVE
DIRECTOR'S
MESSAGE**

MILESTONES

FROM THE EXECUTIVE DIRECTOR

Choo Jin Kiat

In financial year 2022/2023, with Singapore's strong vaccination rate, safe management measures that were in place for over past 2 years were finally relaxed, gradually. Life in Singapore slowly returned to a pre-COVID-19 pandemic situation.

During this year, O'Joy gradually increased our pace of outreach to new clientele and partners within the Upper Boon Keng community, as we continue to build our long-term capability to meet the twin challenge of seniors living longer with disabilities and younger persons suffering from mental health illness.

In September 2022, with the support of the management committee of Geylang West Community Centre, we resumed our Health-Oriented Ageing (HOA) activities at their multi-purpose hall.

With the completion of Change Management/LEAN training, and the review of Enterprise Resource Management Digitalisation Plan and the review of Staff Performance/Career Management, we started our digitalisation journey.

In the coming financial year, we will complete our digitalisation journey and ready both our capability and capacity to meet increasing complex needs of our clients in coming years.

Risk Management

As an organisation that is strongly dependent on public funding, it is necessary to closely abide by the Standard Operating Procedures (SOPs) for key areas such as financial control, fundraising, incident/accident reporting, etc.

In effect, both the Board and staff play a crucial role in the further development of O'Joy Limited as an organisation. The professional experience and skill set of the Board have proven valuable in terms of the strategic progress of the agency as a whole.

Similarly, our staff whose roles are to provide direct counselling, referral services, training and volunteer management, all have several years of field experience and formal education in their respective domains. Regular supervision, group and individual are implemented. In addition, staff and volunteers are encouraged to regularly upgrade their skills and knowledge, professional standards are constantly refined through the use of expert guidance as well as the Service Board Committee.

Key Performance Indicators (KPI) are closely tracked so as to ensure that any programmes and services that are publicly funded are duly noted. We target to meet or even surpass our set expectations.

In addition, all accounting procedures are heavily scrutinised, with internal controls put in place so as to prevent any risk of abuse. Thus, standard official financial requirements are met through yearly reviews by external auditors.

In compliance with Health and Safety Regulations, active measures are taken into consideration for staff, volunteers, clients and visitors to the centre.

As a result of these measures with regard to procedural guidelines and continuous performance appraisal, O'Joy Limited remains confident with our adherence to the standard of delivery stated in the guidelines for a local charity.

Thank you!

We wish to express our heartfelt thanks to all our volunteers and donors for your unwavering support in the past years.

With you behind us, we can continue to serve vulnerable seniors and adults who need help.

With you beside us, we can extend our care and reach out to more who need a helping hand.
